

ASSTRA **STEEL** LOGISTICS

 steel@asstra.com

The **AsstrA Steel Logistics** team creates logistics solutions supporting the delivery of multiple types of metal, including sheet metal, coiled and round steel, as well as pipes, fittings, and steel cords.

AsstrA Steel Logistics Clients are served by trained professionals who have wide, rich experience in logistics and customs clearance for metal and metal products.

AsstrA Steel Logistics offerings are constantly expanded to better support existing transport schemes as well as new ones involving, for example, high-speed container trains from China to Europe.
