AsstrA is a 3PL provider providing comprehensive support for supply chains between the US, EU, Eastern Europe, Southeast Asia, and China. AsstrA has been helping European clients successfully enter the CIS market.

THE "IMPORTER" SERVICE: TURNKEY CIS DELIVERIES

Need help with imports and doing business abroad?

Purchasing cargo in Europe, Asia, or the Americas?

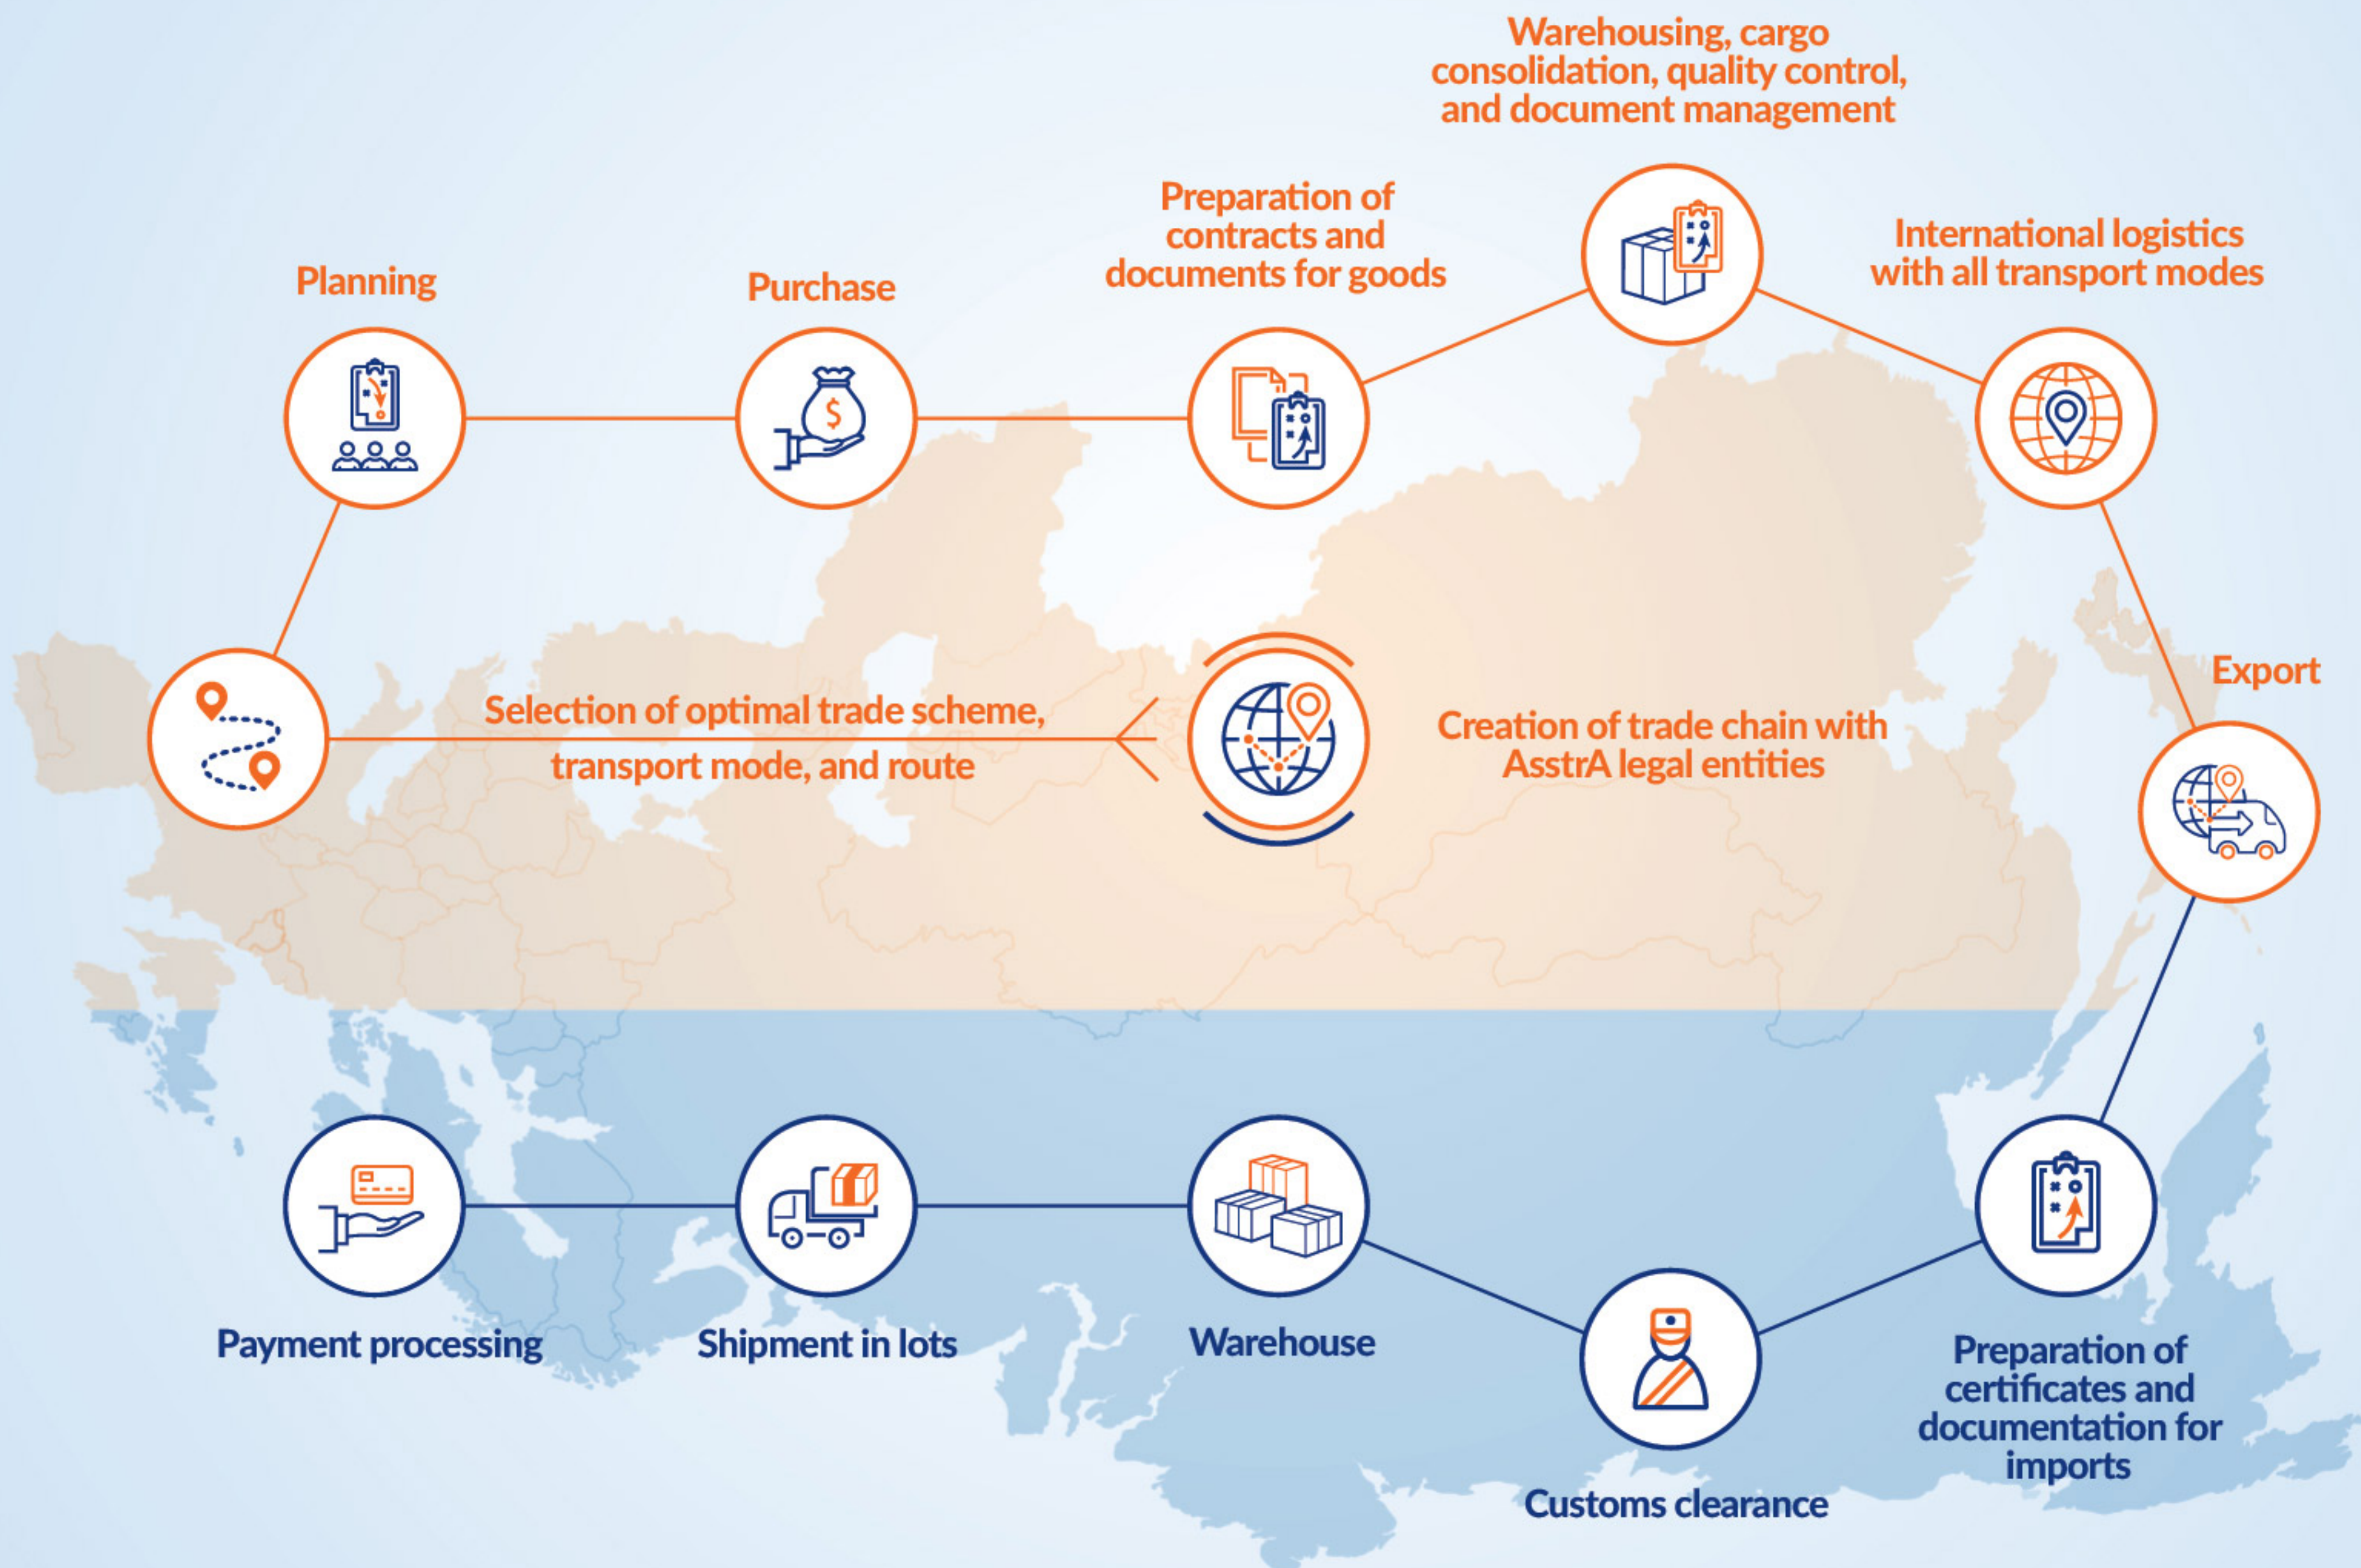

Sell customs cleared goods to local buyers in their currency?

AsstrA is your door-to-door trade partner. We provide comprehensive services supporting everything from one-off trade deals to market entry and long-term supply chain management projects.

- Organization of "supplier-recipient" trade chain with AsstrA legal entities
- Storage and delivery of goods to local end recipients
- Certification and manufacturing permits
- Selection of effective trade schemes and delivery routes
- Planning, documentation, coordination, and implementation of foreign trade activities and export-import transactions with a foreign economic activity (FEA) manager
- Consulting on all aspects of FEA
- Risk analysis, complete and accurate execution of necessary documents, project progress monitoring, and individual delivery tracking

ASSTRA IS YOUR RELIABLE PARTNER FOR TURNKEY DELIVERIES

Asstra's foreign economic activity (FEA) services help customers enter promising new markets, free up internal resources, grow their businesses, and build their brands internationally.
